VIRTUAL TEAMMATE + **VEOS** NORTH VALLEY ENDOODONTICS & ORAL SURGERY
 ENDOODONTICS | DENTAL MICROSCOPY | ENDOODONTIC RETREATMENT | CONE BEAM CT IMAGING

The Challenge
 North Valley Endodontics at 11 clinical practice was faced with increasing administrative strain around insurance billing, follow-ups, and collections, leading to growing accounts receivable and delayed cash flow.

Key Pain Points:
Administrative Overload: Increasing strain from insurance billing, follow-ups, and collections caused operational bottlenecks.
Cash Flow Delays: Growing accounts receivable led to slower revenue cycles and financial stress.

North Valley Endodontics turned to a Virtual Teammate Dental Biller to streamline claims processing and accounts receivable management, reducing administrative burden and improving cash flow efficiency.

The Solution

To alleviate these challenges, Virtual Teammate provided a team of five full-time Virtual Teammates (VTs):

- ✓ Immediate AR improvement and more timely collections
- ✓ Rapid scale-up, adding 1 new Virtual Dental Biller per month for 4 consecutive months
- ✓ Planned expansion into insurance verification and eligibility task delegation
- ✓ Stronger cash flow, reduced billing backlogs, and greater operational confidence

The Results

North Valley Endodontics transformed its revenue cycle with a high-performing remote team.

With Virtual Teammate support, daily claims processing increased by over 50%, and the team recently added insurance verification, streamlining patient intake and reducing front desk stress.

Freed from administrative burdens, the in-office staff can now focus on exceptional patient care and smooth operations, empowering the team to perform at its best and scale with confidence.

“We didn’t expect results this quickly. Within weeks, we saw a noticeable difference—claims were going out faster, follow-ups were more consistent, and our collections improved dramatically. The impact was so immediate that we added a second Virtual Teammate the next month... then a third, then a fourth, and now five Virtual Teammates handling our dental billing.”

-Practice Manager, North Valley Endodontics
